

COUNCILLOR ALAN DEAN
MEMBER OF UTTLESFORD DISTRICT COUNCIL FOR
STANSTED SOUTH

PLEASE REPLY TO MY ADDRESS AT THE BASE OF
THIS LETTER BY LATEST MONDAY 8TH JANUARY 2007

January 5, 2007

To residents to the Mountfitchet Estate, Stansted

Dear Sir or Madam:

INTENTION TO WITHDRAW THE EXCEL 333 BUS SERVICE

This letter is urgent. If you want to help me and other councillors to fight on your behalf, please reply immediately or at the latest by next Monday to my address, which you will find below.

A month from now the 333 bus service from Maitland Road, Stansted will be no more unless you act today. If you care about this local service for yourself, your family or your neighbours, please let me know what you think. I was in touch with Essex County Council immediately I heard only yesterday about the intended withdrawal of the service. The Excel bus company proposes to chop the whole service of 27 buses a day to and from the Stansted village centre, Bishop's Stortford, Harlow and Epping plus the hospitals in the two larger towns.

Please help me to put forward a case on behalf of local residents by answering the following questions for your whole household:

1. Do you use the 333 bus: Daily/At least one a week/Occasionally/Never
2. How many people are you answering for? _____
3. If you use the bus, where do you normally travel to? _____
4. Do you find the bus reliable? Yes/No
5. If you have complaints about the service, what are they? _____

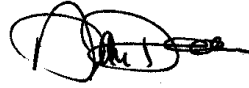

-
6. The bus company says the service is not well used. Do you agree? Yes/No
 7. Have you any suggestions for getting more people to use the 333? _____
-

PTO

Thank you for answering these questions. **Please remember to return this letter to me by the deadline of Monday 8th January.**

If you wish, please also sign the petition below.

Yours Sincerely,

Alan Dean
Liberal Democrat Member for Stansted South

PETITION

I/We, the undersigned resident(s) of Mountfitchet Estate, Stansted urge Essex County Council to ensure that the 333 bus service currently run by Excel from Maitland Road, Stansted to Epping railway station is maintained in service to serve the people of this area who wish to travel by public transport to our own village centre and the towns and hospitals served by this long-standing and essential bus service.
