

FOCUS

Save Our NHS

Gordon Brown has signed the cheques to pay for Labour's costly war in Iraq, but he can't find the money to stop savage NHS cuts.

TEN YEARS after Labour came to power, Britain is facing the worst round of NHS cuts seen since the last Conservative Government.

Services are under threat across Britain including many hospitals, A&E and maternity services. Cuts are also being made to training budgets for key medical staff, undermining the future of the NHS.

The Lib Dems want a halt to the current round of NHS cuts. They are campaigning to cut waste in the NHS so that more money can be spent on frontline services.

Save our NHS

I/we the undersigned back the campaign to stop Tony Blair and Gordon Brown's NHS cuts.

Thank You

Thank you to everyone who voted for the Liberal Democrats at the May elections. Cllr. Geoffrey Sell was re-elected to serve you as your district councillor for the next 4 years.

Geoffrey Sell writes "Unfortunately we didn't keep control of Uttlesford Council and Anne Marchant was not re-elected, but the Liberal Democrats continue to be the only real alternative to the Conservatives in this area. Labour and the Greens continue to have no councillors in this area."

"We will continue to keep in touch with you and work hard all year round - whether you voted for us or not."

"The Lib Dems will continue to oppose Airport expansion. We will campaign for even higher levels of recycling and we will continue to oppose incinerators and fortnightly collections of kitchen waste."

The Tories have consistently **OPPOSED** extra spending on local health services.

Recent Conservative plans for the NHS have included charging for many operations.

Tories Back Incinerators

**CUT ME OUT!
KEEP ME SAFE!**

*Massive
Conservative
U-turn on
Incineration
in Essex*

Conservative-led Essex County Council is proposing to build a waste incinerator in our county. After years of insisting that they have a 'no incineration' policy, Essex Conservatives have now done a spectacular U-turn.

Geoffrey Sell comments "It is disgraceful that the Conservatives have tried to sneak this through without consultation. It shows what a fib the *Vote Blue, Go Green* message is."

"The Liberal Democrats will continue to campaign against incineration as a means of waste disposal. We will continue to campaign for even more recycling and for a reduction in unnecessary packaging."

- The Lib Dems are opposing the Labour government's plans to exclude members of the public and campaign groups from the planning process for major developments. The plans are dressed up as a so-called Independent Planning Commission.
